NATALIE BOWEN AND SETH BROOKSHIRE CHOSE A PRETTY RUSTIC SETTING FOR THEIR LAID-BACK CELEBRATION. NATALIE SAYS:

'We got married in a field next to a vineyard, which we planted with wildflowers. My bouquet was made from Bowl of Cream and Yellow Tree peonies, Sonoma garden roses, ranunculus, dried bunny tail, strawberries and tuberose for scent. I am a floral designer so I worked with my contacts to source the most amazing flowers – our wedding date was based on what was in season. The tables at the reception were filled with different arrangements in warm tones and vibrant greens. I wore a Vera Wang skirt with a beaded Monique Lhuillier corset and a sash I had made. I opted for a simple rosebud in my hair. We were lucky to have an incredible sunset that night, which fitted perfectly with the colour scheme.'
